

Software Test Specialist

Join Capsa Solutions' growing team of branded companies for an exciting opportunity to work with the latest pharmacy automation equipment. Our Kirby Lester division is seeking a Software Test Specialist to join the team at its Lake Forest, Illinois location.

Reporting to the Product Testing Manager, this position will be responsible for creating and executing test scenarios and documenting software, firmware and product issues and defects, optimizing product quality and maintaining high standards for our tabletop and robotic devices. This role will require strong organizational, communication and collaborative skills while working in a fast paced, multi-project environment.

Capsa Solutions and its branded companies are a recognized leader in the development and manufacture of healthcare equipment shipped domestically to every state and to over 70 countries worldwide. We have facilities in Portland, OR, Columbus, OH, Huntersville, NC, Lake Forest, IL and Agua Prieta, Mexico.

Job Requirements will include:

- Minimum of 3+ years' experience working in a software testing environment
- Microsoft SQL Server and Visual Studio experience a plus
- Competent technical skills with strong attention to detail
- Strong verbal and written communication skills with the ability to collaborate in a team environment
- Be an independent, self-starter capable of solving problems and managing multiple projects/tasks
- As a successful candidate, you will remain flexible in an ever-changing environment and work well under pressure of tight deadlines

We offer a solid pay and benefits package which includes paid time off, medical, dental and vision insurance, as well as 401(k) with matching contributions, life and long-term disability insurance.
